Edge of Tomorrow is a 2014 science fiction action film directed by Doug Liman and starring Tom Cruise and Emily Blunt. The film is based on the Japanese light novel All You Need Is Kill by Hiroshi Sakurazaka. The film follows a soldier who is trapped in a time loop and must relive the same day over and over again until he can defeat an alien invasion.

Plot

The film opens with Major William Cage (Tom Cruise) being deployed to fight in the war against the Mimics, an alien race that has invaded Earth. Cage is a public relations officer with no combat experience, and he is quickly killed in battle. However, he wakes up the next day and finds himself back at the beginning of the day. He is trapped in a time loop, and

he must relive the same day over and over again until he can defeat the Mimics.

Cage teams up with Rita Vrataski (Emily Blunt), a Special Forces operative who is also trapped in the time loop. Together, they must find a way to defeat the Mimics and break the time loop.

Cast

* Tom Cruise as Major William Cage * Emily Blunt as Rita Vrataski * Bill Paxton as Master Sergeant Farell * Brendan Gleeson as General Brigham * Jonas Armstrong as Skinner * Tony Way as Kimmel * Dragomir Mrsic as Kuntz * Masayoshi Haneda as Mimic Alpha

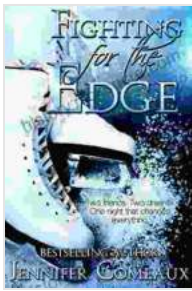

Reception

Edge of Tomorrow received positive reviews from critics, with many praising the film's action sequences, performances, and originality. The film was also a commercial success, grossing over \$370 million worldwide.

Legacy

Edge of Tomorrow has been praised for its innovative use of the time loop concept. The film has been compared to other time loop films such as Groundhog Day and Source Code, but it is unique in its own way. Edge of Tomorrow is a thrilling and thought-provoking film that explores the themes of courage, sacrifice, and redemption.

Edge of Tomorrow is a must-see for fans of science fiction and action films. The film is a thrilling and thought-provoking experience that will stay with you long after the credits roll.
