First Cast is a program designed to teach kids the basics of fly fishing in a fun and encouraging environment. The program is open to kids ages 8-18 and is offered at no cost. All equipment is provided, so kids just need to bring themselves and a willingness to learn.

The First Cast program is led by experienced fly fishing instructors who are passionate about teaching kids about the sport. The instructors use a variety of methods to teach kids about fly fishing, including casting demonstrations, fly tying lessons, and fishing trips.

In addition to learning about the basics of fly fishing, kids who participate in the First Cast program also learn about the importance of conservation.

The instructors teach kids about the importance of protecting the environment and how to be responsible anglers.

The First Cast program has been a huge success since it was launched in 2004. The program has taught thousands of kids about the sport of fly fishing, and has helped to create a new generation of anglers.

## **The Benefits of Fly Fishing for Kids**

There are many benefits to fly fishing for kids. Fly fishing is a great way for kids to get outdoors and enjoy nature. It is also a great way for kids to learn about science, math, and physics. Fly fishing can also help kids develop patience, focus, and hand-eye coordination.

In addition to the benefits listed above, fly fishing can also help kids develop a lifelong love of the outdoors. Fly fishing is a sport that can be enjoyed by people of all ages, and it is a great way for kids to connect with nature and learn about the environment.

## **How to Get Your Child Started in Fly Fishing**

If you are interested in getting your child started in fly fishing, there are a few things you can do. First, you can check to see if there is a First Cast program in your area. If there is, this is a great way to get your child started in the sport. The instructors are experienced and knowledgeable, and they will provide your child with all of the equipment they need.

If there is not a First Cast program in your area, you can still teach your child how to fly fish. There are many resources available online and in libraries that can help you get started. You can also find fly fishing lessons from private instructors.

No matter how you choose to get your child started in fly fishing, it is important to be patient and supportive. Learning to fly fish takes time and practice, but it is a rewarding experience that can provide your child with a lifelong love of the outdoors.
