Joe Farinaccio is an acclaimed boat designer known for his innovative and practical designs, particularly in the realm of multihulls. Among his many creations, his small trimarans stand out for their unique blend of performance, stability, and versatility.

In this article, we delve into the details of Farinaccio's smaller trimaran designs, exploring their intended uses, key features, and remarkable characteristics. Whether you're a seasoned sailor or simply curious about the world of multihulls, this comprehensive guide will provide valuable insights into these exceptional vessels.

F-22 Trimaran

Intended Use: Day sailing, coastal cruising, and racing

The F-22 Trimaran is a compact yet capable design that excels in a wide range of sailing conditions.

Key Features:

- Length: 22 feet
- Beam: 11 feet
- Draft: 2 feet
- Displacement: 1,500 pounds
- Sail Area: 220 square feet
- Construction: Fiberglass

Notable Characteristics:

- Versatile design suitable for both recreational and competitive sailing.
- Shallow draft allows for easy access to shallow waters and beach landings.
- Spacious cockpit with ample seating and storage.
- Retractable daggerboards provide excellent upwind performance.

F-24 Trimaran

Intended Use: Extended coastal cruising, liveaboard, and offshore adventures

The F-24 Trimaran is a slightly larger design that offers increased living space and amenities for extended voyages.

Key Features:

- Length: 24 feet
- Beam: 12 feet
- Draft: 3 feet
- Displacement: 2,200 pounds
- Sail Area: 260 square feet
- Construction: Fiberglass

Notable Characteristics:

- Spacious cabin with two berths, a galley, and a head.
- Large deck area with plenty of room for relaxation and entertaining.
- Twin rudders for precise steering and maneuverability.
- Optional diesel outboard provides auxiliary power for long passages.

F-27 Trimaran

Intended Use: Coastal cruising, extended voyages, and offshore sailing

The F-27 Trimaran is Farinaccio's largest small trimaran design, offering even more space and comfort for extended adventures.

Key Features:

- Length: 27 feet
- Beam: 13 feet

- Draft: 3 feet 6 inches
- Displacement: 2,800 pounds
- Sail Area: 300 square feet
- Construction: Fiberglass

Notable Characteristics:

- Spacious cabin with four berths, a full galley, and a navigation station.
- Large cockpit with comfortable seating and a bimini top for sun protection.
- Powerful diesel outboard for reliable auxiliary power.
- Self-bailing cockpit for safety and convenience.

Common Features of Farinaccio's Small Trimarans

While each of Farinaccio's small trimarans has unique characteristics, there are several common features that define their designs:

- **Shallow Draft:** All of these trimarans have shallow drafts, making them ideal for exploring shallow waters, navigating canals, and beaching.
- **Retractable Daggerboards:** Retractable daggerboards provide excellent upwind performance while allowing for shallow-water access.
- **Spacious Cockpits:** Generous cockpit areas offer ample space for relaxation, entertaining, and sailing operations.

- **Lightweight Construction:** Fiberglass construction ensures lightness, durability, and low maintenance.

Joe Farinaccio's small trimarans are exceptional vessels that combine performance, stability, and versatility. Whether you seek a compact day sailer, a comfortable coastal cruiser, or an adventure-ready offshore vessel, Farinaccio's designs offer a range of options to suit your needs.

With their shallow drafts, spacious cockpits, and retractable daggerboards, these trimarans provide a unique and rewarding sailing experience. If you're considering adding a multihull to your fleet, be sure to explore the remarkable creations of Joe Farinaccio.
