The border between the United States and Mexico is often seen as a dividing line, a barrier that separates two worlds. But what if it could also be a bridge, a place where people from both sides come together to share experiences, learn from each other, and build a better future?

That's the vision behind Senderos Fronterizos Breaking Through, a non-profit organization that has created a 350-mile trail along the U.S.-Mexico border. The trail is designed to connect communities, foster understanding across cultures, and promote the conservation of the borderlands' natural resources.

In 2020, Senderos Fronterizos launched the Spanish Edition of Breaking Through, a comprehensive guide to the trail that tells the stories of the people and places along its route. The guide is a valuable resource for

anyone who wants to learn more about the borderlands, and it's a powerful tool for promoting understanding and reconciliation.

### **The Border Trail: A Journey of Discovery**

The Senderos Fronterizos Breaking Through trail is a unique and immersive way to experience the borderlands. The trail passes through a variety of landscapes, from deserts to mountains to forests, and it offers stunning views of the natural beauty of the region.
